Welcome members to the 7th edition of the Punnet Tray.

The Society would love members to contribute one or two paragraphs about anything to do with weeds that may be of interest to Society members as this e-newsletter is intended to be a collection of short, interesting articles to help keep our membership up to date with weed related activities in between publications of our printed newsletter, *A Good Weed*. This is a great way to distribute information.

Any other suggestions on how to improve the services provided by the Society, or the range of activities the Society supports, would be most welcome.

Happy weeding

Kim Hignell - President
